CHALLENGE

Growing company requires more cranes

South Africa Plastic Products Company

South Africa plastic products company has been established for over thirty years, and during this period has developed a comprehensive range of D.I.Y. articles designed for daily use, and an extensive Bathroom range as well. This range is stocked by all major chains in the country, and their brand is recognized as the "Brand Leader" for this category of merchandise.

To meet rising consumer demand, South African plastics companies have invested in new plants to expand production. They hope that the lifting equipment in the new plant will be effective in safety and user comfort, and effectively improve production efficiency.

CLESCRANE YOUR PARTNER

Tailor Made Solutions

From the design stage, we will provide customers with tailor-made solutions, strive for in accordance with specific conditions to realize the perfect custom of each crane, can properly to ensure that every lifting solutions are lifting of meeting customer's requirements.

Customizable cranes can be provided for different manufacturing processes to make the operations safer, more efficient and more productive. In addition, we also can according to the special needs of customers, for the crane to add a variety of new features, such as auxiliary brake, load indicator, anti-sway control, different lifting speed, wireless remote control, etc., in order to enhance the production efficiency and safety in application.

SOLUTION

Clescrane provides Overhead Cranes

The head of South Africa's plastic products company said, "Clescrane is an ideal candidate for a new crane" .

In July 2017, South African plastics companies and Clescrane reached cooperation, signed one set of overhead crane CHD32t+5t -19.5m-9m A5. The crane is equipped with anti-swing control and load indicator to optimize the controllability of the operator.

Equipment List

Model	Qty.
CHD32t+5t -19.5m-9m A5	1

- ▶ European standard, first class quality.
- ▶ High efficiency, energy-saving, safety.
- ▶ Provide customers complete solving plan for crane customers and material handling lifting.
